Overview

Today's multigenerational library workforce faces a number of both internal and external challenges. To meet these challenges, we need to learn how to work together effectively, keep connected and current, and draw on individuals' unique strengths. In a graying profession, we also need to pay attention to succession planning, passing on institutional wisdom, and recruiting, retaining, and mentoring the next generation.

Speaker:

Rachel Singer Gordon is Consulting Editor, Information Today, Inc., Book Publishing Division, and webmaster, LISjobs.com. She publishes the electronic newsletter Info Career Trends, blogs at The Liminal Librarian (<http://www.lisjobs.com/liminal/>), and co-authors Beyond the Job (<http://librarycareers.blogspot.com>), a professional development weblog for librarians.
