### **Overview**

This program emphasizes quality print and electronic resources as well as the roles and responsibilities of patients, library information professionals and health care professionals in the information seeking process. Join the speaker in exploring various aspects of the health reference experience including the need to respect patient privacy, how to accommodate the cultural diversity of our clientele, matching the right types of resources to specific clients, and ways to successfully navigate tricky health reference situations. The program will also look at ways to promote the health resources and services that you have to offer.

### **Speaker:**

**Debra J. Kakuk Smith**, earned a M.A. in English from the University of Minnesota, and her M.L.I.S. degree from Wayne State University. Employed by the College of DuPage Library since 2003, she is an Associate Professor and supports the Health Sciences Division. A skilled medical and consumer health information professional and a proactive patient advocate, she specializes in supporting the information needs of health professionals, students and consumers.
