

Developing a Digital History of the Health Sciences Center

Joan M. Stoddart and Valeri Craigle, Spencer S. Eccles Health Sciences Library University of Utah

PURPOSE

This collection brings the history of the University of Utah School of Medicine, Colleges of Health, Nursing and Pharmacy as well as the Health Sciences Center to the Internet. The collection includes photos from departmental files, University Archives, and the State Historical Society, portraits, architectural renderings, news clippings and college catalogs. The collection is accessed through a front end web site and CONTENTdm software.

Homer R. Warner, M.D. Ph.D.
