

# STRATEGIC PLAN

## Strategic Initiatives

1

### CULTIVATE A DIVERSE, INCLUSIVE AND SAFE ENVIRONMENT IN THE SPIRIT OF ONE U.

*We put compassion into action.*

- Build an active, determined, and compassionate culture of diversity, safety, inclusion, wellness, and sustainability.
- Seek opportunities to be an impetus for inclusive, campus-wide (One U) collaboration.
- Be a catalyst for equity and social justice.
- Foster an inviting, inclusive and safe space for creativity, discovery, reflection, and learning.

2

### DEVELOP AND TRANSFER NEW KNOWLEDGE

*We are a vital hub where information and innovation intersect.*

- Explore solutions to generate, protect, preserve and transmit knowledge.
- Curate a vast array of information sources and impart navigational skills to accelerate the arc of discovery.
- Provide expertise and promote collaborations for scholarly output.

3

### PROMOTE STUDENT SUCCESS TO TRANSFORM LIVES

*We understand the vulnerabilities of the learning process and offer a refuge from the pressures of needing to “know it all.”*

- Ensure that the best information and services are available to all learners while easing the financial burden of their education.
- Teach students to discover, critically evaluate, and apply information in the relevant contexts.
- Inspire curiosity and innovation to nurture lifelong learning skills.

4

### ENGAGE COMMUNITIES TO IMPROVE HEALTH AND QUALITY OF LIFE

*We foster well-being while serving the diverse communities of the university and Utah.*

- Pursue innovations in health and wellness by assessing library activities, securing partnerships & outside funding for new projects.
- Align with diverse communities.
- Respond to our student community by providing library spaces that support the seven domains of health.

5

### ENSURE LONG-TERM VIABILITY OF THE UNIVERSITY

*We are a relevant, vital, vibrant component of University success.*

- Increase local and national awareness of our contributions and elements of expertise.
- Obtain funding and increase strategic partnerships to evolve in an inclusive, responsible and sustainable manner.
- Model sustainability practices to reduce our impact on the environment.

6

### CONTRIBUTE TO THE DELIVERY OF HIGH VALUE HEALTH CARE WITH BETTER PATIENT OUTCOMES

*We point the way toward inclusive and informed health care decision-making, better care, and better outcomes.*

- Engage with providers and patients to improve access to evidence-based, reliable health information for better outcomes.
- Promote health information literacy education to providers, patients, and consumers of health care.
- Deliver valuable, time-saving, high-quality information when, where, and how it is needed.

## Vision

We are a relevant, vibrant, inclusive component of University success and a vital hub where information and innovation intersect. We are key contributors to the research lifecycle and the learning process. We point the way toward informed health care decision-making, better care, and better outcomes.
