

# First Consult iPhone®/iPad® App

Access point-of-care content even when no data connection exists.

1. **Open the App Store icon on your iPhone/iPad**
2. **Search for “First Consult”**
3. **Click “FREE” then “INSTALL APP”**
4. **Three options will appear – choose option 1 (“I use First Consult and know my username”)**

5. **Enter your ClinicalKey username and password and start using the First Consult App!**

Scan code to download the app!

You need a ClinicalKey personal account to access the First Consult iPhone®/iPad® App. Create one in 5 easy steps!

**STEP 1.**

Visit [www.clinicalkey.com](http://www.clinicalkey.com) within your institutional network or IP range.

**STEP 2.**

Click on “Register” link.

**STEP 3.**

Enter required data—your email address will be your username.

**STEP 4.**

Confirm your password by re-entering it.

**STEP 5.**

Congratulations! You’ve created a new personal account!
