

A DELPHI STUDY OF LIBRARY AS PLACE: Round 1 Part 2

21: Traditional health sciences library study space will be redesigned to primarily satisfy socialization

21a. Likelihood of Change

3) Uncertain

21b. Desirability of change

3) Neither Desirable nor Undesirab

21c. How certain are you of your likelihood answer?

4) Low Confidence

21d. Date change will occur

21e. Impact on design of health sciences library

2) Some difference in design

21f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

22. Users will come to the health sciences library primarily to interact with experts in locating and managing information.

22a. Likelihood of Change

1) Certain

22b. Desirability of change

1) Very Desirable

22c. How certain are you of your likelihood answer?

1) Highest Confiden

22d. Date change will occur

1) 200

22e. Impact on design of health sciences library

2) Some difference in design

22f. Comment on your reasons for responding as you did or provide suggestions for change to this statement.

23. Health sciences library staff offices will merge into collaborative work environments supporting team-based, cross-functional work.

23a. Likelihood of Change

1) Certain

23b. Desirability of change

1) Very Desirable

23c. How certain are you of your likelihood answer?

1) Highest Confidence

23d. Date change will occur

1) 200:

23e. Impact on design of health sciences library

2) Some difference in design

23f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

24. Fewer low level staff will be required and more senior staff with strong library and technical skills will staff the health sciences library.

24a. Likelihood of Change

2) Probable

24b. Desirability of change

1) Very Desirable

24c. How certain are you of your likelihood answer?

2) High Confidence

24d. Date change will occur

2) 201:

24e. Impact on design of health sciences library

2) Some difference in design

24f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

25. Every health sciences library office will be equipped with desktop video to enable face to face support with users and co-workers when needed.

25a. Likelihood of Change

1) Certain

25b. Desirability of change

1) Very Desirable

25c. How certain are you of your likelihood answer?

1) Highest Confidence

25d. Date change will occur

1) 200:

25e. Impact on design of health sciences library

4) Minimal difference

25f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

26. Less space will be required in workroom areas for equipment as multi-function machines replace separate photocopying, scanning and faxing equipment.

26a. Likelihood of Change

2) Probable

26b. Desirability of change

2) Somewhat Desirable

26c. How certain are you of your likelihood answer?

2) High Confidence

26d. Date change will occur **26e. Impact on design of health sciences library**

1) 200

4) Minimal difference

26f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

27. Libraries with separate circulation and reference desks will replace them with multifunctional service desks.

27a. Likelihood of Change

1) Certain

27b. Desirability of change

1) Very Desirable

27c. How certain are you of your likelihood answer?

1) Highest Confidence

27d. Date change will occur **27e. Impact on design of health sciences library**

1) 200

2) Some difference in design

27f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

28. The academic health sciences library, working in concert with IT, will play a substantial role in archiving of electronic resources.

28a. Likelihood of Change

2) Probable

28b. Desirability of change

2) Somewhat Desirable

28c. How certain are you of your likelihood answer?

2) High Confidence

28d. Date change will occur **28e. Impact on design of health sciences library**

2) 201

5) No difference

28f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

29. Most health sciences libraries will will serve as a central repository for faculty and student research data (e.g., information found in notebooks).

29a. Likelihood of Change

29b. Desirability of change

29c. How certain are you of your likelihood answer?

2) Probable

1) Very Desirable

3) Uncertain

29d. Date change will occur 29e. Impact on design of health sciences library

2) 201

5) No difference

29f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

30. Health sciences libraries will not differentiate themselves by their collections as every library will have access to the same knowledge base.

30a. Likelihood of Change

30b. Desirability of change

30c. How certain are you of your likelihood answer?

2) Probable

1) Very Desirable

2) High Confidence

30d. Date change will occur 30e. Impact on design of health sciences library

2) 201

2) Some difference in design

30f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

31. Print collections will, for the most part, be retained for their artifactual and historical, as opposed to clinical or educational, value.

31a. Likelihood of Change

31b. Desirability of change

31c. How certain are you of your likelihood answer?

1) Certain

1) Very Desirable

1) Highest Confidence

31d. Date change will occur 31e. Impact on design of health sciences library

2) 201

2) Some difference in design

31f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

32. Health sciences libraries serving hospitals will provide recreational materials in all media for patients during their hospitalization, becoming "Blockbuster Video" or "West Coast Video" for the patients.

32a. Likelihood of Change

32b. Desirability of change

32c. How certain are you of your likelihood answer?

3) Uncertain

3) Neither Desirable nor Undesirab

4) Low Confidence

32d. Date change will occur 32e. Impact on design of health sciences library

 4) Minimal difference

32f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

33. Print collections will become almost non-existent in health sciences libraries, except for a few libraries with responsibility for the historical record.

33a. Likelihood of Change

33b. Desirability of change

33c. How certain are you of your likelihood answer?

 1) Certain 1) Very Desirable 1) Highest Confidence

33d. Date change will occur 33e. Impact on design of health sciences library

 2) 2011 1) Design will be substantially different

33f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

34. NLM's role as the library of record in biomedicine will become even more critical as libraries increasingly withdraw print and rely on NLM to hold print copies of older materials.

34a. Likelihood of Change

34b. Desirability of change

34c. How certain are you of your likelihood answer?

 1) Certain 1) Very Desirable 1) Highest Confidence

34d. Date change will occur 34e. Impact on design of health sciences library

 2) 2011 1) Design will be substantially different

34f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

35. Most academic health sciences libraries will become repositories for their institution's large databases and data sets.

35a. Likelihood of Change

35b. Desirability of change

35c. How certain are you of your likelihood answer?

 2) Probable 1) Very Desirable 2) High Confidence

35d. Date change will occur 35e. Impact on design of health sciences library

2) 201

2) Some difference in design

35f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

[Empty text box for comment]

36. Hospital-based health sciences libraries will have significant materials available in the foreign languages represented in the hospital service area.

36a. Likelihood of Change

36b. Desirability of change

36c. How certain are you of your likelihood answer?

2) Probable

1) Very Desirable

2) High Confidence

36d. Date change will occur 36e. Impact on design of health sciences library

1) 200

4) Minimal difference

36f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

[Empty text box for comment]

37. Small, specialized library collections managed by a health sciences librarian will become commonplace at the community YMCA, senior centers, nursing homes and other locations that have developed joint programs with hospitals and that enhance hospital visibility and promote, market and extend hospital programs into the community.

37a. Likelihood of Change

37b. Desirability of change

37c. How certain are you of your likelihood answer?

4) Not Probab

2) Somewhat Desirable

3) Uncertain

37d. Date change will occur 37e. Impact on design of health sciences library

[Empty]

5) No difference

37f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

[Empty text box for comment]

38. Browsing current journals will become almost exclusively an online activity as the number of print issues drops and as current awareness software improves to allow for more equivalent browsing online.

38a. Likelihood of Change

38b. Desirability of change

38c. How certain are you of your likelihood answer?

1) Certain

1) Very Desirable

1) Highest Confiden

38d. Date change will occur 38e. Impact on design of health sciences library

1) 200:

4) Minimal difference

38f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

39. Compact shelving and remote storage will become the commonplace solution for housing older print materials.

39a. Likelihood of Change

39b. Desirability of change

39c. How certain are you of your likelihood answer?

1) Certain

1) Very Desirable

1) Highest Confidence

39d. Date change will occur 39e. Impact on design of health sciences library

1) 200:

2) Some difference in design

39f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

40. Virtually all existing stacks space in health sciences libraries will be converted to other uses.

40a. Likelihood of Change

40b. Desirability of change

40c. How certain are you of your likelihood answer?

1) Certain

1) Very Desirable

1) Highest Confidence

40d. Date change will occur 40e. Impact on design of health sciences library

2) 201:

1) Design will be substantially different

40f. Comment on your reasons for responding as you did or provide suggestions for change to this statement

Thank you for your participation. Your comments are appreciated. Please contact Logan Ludwig at ludwig@hmc.edu with any additional comments or questions.
