Audience Response Systems at the University of Utah

**When:** Wednesday, October 7, 2009

**Time:** 12:05pm to 1:00pm

**Where:** Health Sciences Education Building, Room 2600

**Who:** Darrell Coleman & Julie Quilter

**What:** Library and Information Technology Forum

**Program Description**
Darrell Coleman will give an overview of Audience Response Systems (clickers), and discuss how they have been standardized at the University of Utah. In this forum, you will hear a summary of the policy, primary uses, and the potential impacts of the clickers to classrooms.

Julie Quilter will follow, discussing the availability of library ARS equipment, as well as support and training provided by the Eccles Health Sciences Library.

**Presenters**
Darrell Coleman is the Associate Director at the Center for Teaching & Learning Excellence (CTLE). The CTLE center assists faculty with enhancing teaching and learning skills. Darrell is also affiliated with the Management department where he teaches management and strategy courses. In his role at CLTE, he participated as a member of the Audience Response System advisory group and leads workshops on the best practices when teaching with clickers.

Julie Quilter, Reference Associate at Eccles Health Sciences Library, manages the library ARS equipment as well as provides training and support for the system. She has been a member of the Eccles Library staff for 6 years.

**Light refreshments will be served!**
Co-sponsored by the Spencer S. Eccles Health Sciences Library
And the Media-On-Demand Committee
